

BIN LINERS, PALLET & RACK COVERS

Protect What's Important

Gigantic Pallet Covers provide protection from dirt, dust, and moisture. They're ideal for outdoor storage and appropriate for use as container liners or covers for equipment and pallets.

Black poly covers also provide security of load by blacking out contents.

Packed perforated on rolls on three (3) inch cores. Gigantic Pallet Covers are precut covers, perforated on a roll for fast and easy dispensing.

Poly Pallet Covers are an economical alternative for temporary storage and protection to traditional tarps. Their clear poly material allows for visibility of contents, while the black poly material offers protection from UV / sun.

PLASTIC WITH PURPOSE™

We are a responsible manufacturer committed to bringing a sense of purpose to everything we do:

All products are made in the U.S.A. by American workers

Sustainable & Responsible: products can be given a BioBoost(TM) and made more eco-friendly with a spectrum of bio-resins from biodegradable and compostable to ocean resin plastics.

Employer of Choice: quality jobs, living wage, comprehensive benefits

All products are available branded as described or private label

Small Business (SBA) Supplier (with the capabilities to deliver big!)

Secure supply chain: no tariffs, local shipping means lower shipping costs and fewer emissions
